

About PRASHAST

All the disability conditions are not visibly identifiable. Given the lack of a uniform disability screening checklist for schools that covers the 21 disabilities as per the RPwD Act 2016, and while acting on the vision of the NEP 2020, NCERT has developed the Disability Screening checklist for schools via mobile app PRASHAST i.e., "Pre Assessment Holistic Screening Tool" for schools. The PRASHAST app will help in school based screening and generate the school level report, for further sharing with the authorities for initiating the certification process as per guidelines of Samagra Shiksha. This application is user friendly and has proved to be a great help to school teachers, school heads and special education personnel etc. PRASHAST was launched on 06 Sep, 2022 by Ministry of Education, during Shikshak Parv.
