- Online tool to create engaging and incredible interactive content.
- It makes us easy to create our presentation in a more compelling way.
- Can easily learn and there is much more to explore.
- It also helps for professional development of teachers.

What can be created ?

Presentations

Games

Interactive images

Infographics

Video presentations

- **Best learning experiences to the children on online mode of classes.**
- **Helps for teacher's professional development**
- **Ask the children to prepare projects.**
