ASSESSMENT MADE EASY WITH

BAKPAX

What is Bakpax?

Bakpax is an autograding tool that grades assignments in seconds.

Bakpax helps you:

- autograde assignments
- give students instant feedback
- digitize your content
- find and share pre-made assignments
- gain insights into student performance

All Students, Any Device.

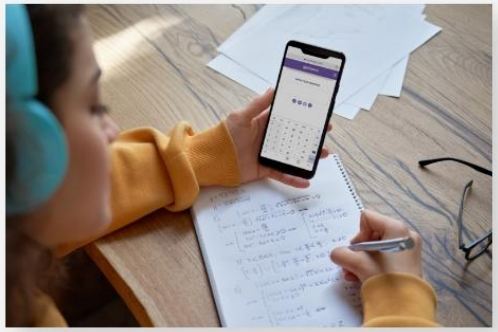
Bakpax offers ultimate flexibility. Students can submit assignments for autograding by:

- taking a photo of their handwritten answers
- drawing or writing directly on their device
- typing with Bakpax's text and math keyboards
- uploading an edited PDF or file

Bakpax

Step 1: Add Assignments

Teachers easily add their assignments to Bakpax, or choose from 1000s of pre-made assignments.



Step 2: Students Submit Work

Students either complete their work online from any device, or upload a photo of their paper.

Step 3: Get Instant Grade Results

Bakpax reads students' handwritten and text submissions and grades assignments in seconds. Teachers save time and students get instant feedback.

WHY BAKPAX

Digitize Content

Easily convert your content to digital and find 1000s of free assignments.

Save Time Grading

Save hours grading every week. That's more time for your students or yourself.

Get Performance Insights

See which topics are easier or more challenging for your students.

WHY BAKPAX

All Devices

Students can use any device – or paper and pencil – to submit to Bakpax.

In-Person, Virtual, or Hybrid

Bakpax is perfect for in-class or virtual learning, or seamless hybrid learning.

Engage Students

Provide students with instant feedback when they're still most engaged.

THANKYOU
