Create digital lessons in 5 Minutes

Conducted By:
Mamta Narula
PGT(Commerce)
Delhi Public School
Vasant Kunj, New Delhi

Organized By: CIET-NCERT
Tuesday, 15th September ,2021

Why ?

Teachers are trying their best to organise teaching resources like presentations, videos, online quizzes, simulations, animations, games etc. to be used in their online classes. But majority of teachers are facing difficulty arranging these resources at one place so that they do not loose valuable class time searching and opening an attachment or a file or a video.

How can teachers use blendspace

Flipping the classroom

Easily find, add and share online content (videos, images, PDFs, Google docs). Students comment or take notes alongside content.

Student assignments

Research assignments. Web quests. Presentations. Students use Blendspace to practice and demonstrate 21st century learner skills.

Differentiated lessons

Personalize student learning with different online materials and built-in assessment.

blendspace

PROS

- Accepts a variety of file types: pictures, videos, docs, ppt, pdf, etc.
- Ability to search YouTube, Google, Flickr, Google Drive, and other resources from within the website
- Quizzes can be created within a lesson.
- The gallery offers the option to search and copy existing lessons.
- Lessons can be shared with a link, QR code, or via social media
- Students do not need a login to

CONS

- Students need a login to comment on lessons or track assessment results.
- Teacher-made lessons default to public (but can be changed to private).
- Quizzes can only be multiple choice or true/false and cannot include images or equations.
