Expressing Creativity with Adobe Express

Presentation by

Mrs. Ramya Sriram
National ICT Awardee
Computer Science Facilitator
Campus K International School
Chennai

Objectives of the Session

At the end of this Session, participants will

- Understand the features and enhancements of Adobe Express interface.
- Learn to create standout content by using professionally designed templates and Generative AI tools.
- Discover ways to leverage Adobe Express to provide creative learning experience for students.

What does Adobe Express offer for Educators and Students?

- All-in-one editor: Allows us make anything that we dream. Giving life to the ideas.
- Work together: Work efficiently with real-time collaboration and commenting. It's easy to create, ideate, and share feedback with others, all in one place.
- Animate from audio: Can bring animated characters to life by recording own voice.
- Professionally designed templates: Provides thousands of education-focused templates for educators to use.
- Adobe Creative Educator community: Share ideas, grow skills, take self-paced course and earn digital badges.

Latest Features of Adobe Express

- **Generative AI tools**
- Generate extraordinary text effects and images instantly from just a description with Adobe Firefly generative AI.

- **Drag & Drop Video Creation**
- Make Instagram Reels and TikTok videos quickly and easily with drag-and-drop video creation. No video creation experience is required.

- **Import and enhance PDFs**
- Import PDF flyers and brochures into Adobe Express to easily make creative edits like adding eye-catching text and images.

- **Improved editing experience**
- Simple and user-Friendly interface which allows educators to be more productive.
