SCREENCAST-O-MATIC

- What is Screencast-O –Matic?
- Why Screencast-O –Matic?
- Where to get Screencast-O –Matic?
- How to use Screencast-O –Matic?

SCREENCAST-O-MATIC

# What is Screencast-O-Matic ?

**Screencast-o-matic** (or just known as *Screenomatic*) was launched in May 2007 created by Big Nerd Software. It has gained an immense popularity because of its main feature *one-click online screen recorder for free*.

**Screencast-O-Matic** is an *online video recorder* tool that could be run from any browser such as screen recording software for Windows, Linux, Mac, iPhone, iPad, Android, and Chrome book.

SCREENCAST O MATIC

# Why Screencast-o –matic?

Screencast-o-matic is a great Screencast technology and the free tool is very effective and you can create videos of up to 15 minutes.

Create engaging Power Point video presentations with screencast o matic. save time and easily create videos of your presentations with your webcam and audio narration.

SCREENCAST MATIC

It is possible to use image capture when working with screencast-o-matic. so you can capture an image and then you can add additional features to the image including text , arrows, shapes etc.

You can also do limited editing to your screen capture videos so for example it is possible to cut the opening part of the video and the ending part of the video.

SCREENCAST O MATIC

This tool offers you a unique feature of uploading your recording directly to :

- Video file
- Screen cast-o-Matic.
- YouTube
- Vimeo
- Google Drive
- Drop Box
