CAN I CREATE PUZZLES WITHOUT AN ACCOUNT?

Yes! Puzzel.org allows you to try and test out any puzzle type without creating an account.

And if you do create an account afterwards, the puzzles you created earlier should be loaded into your fresh account automatically (if created from the same device/browser).

DO YOU OFFER FREE ACCOUNTS?

Yes! The platform is free by default, with only some restrictions in terms of features and usage. You can create two puzzles in your account for free and use all of the regular (non-Premium) features. Do keep in mind that free accounts have a limit of 60 puzzle plays per month.

I AM ONLY SEEING MY 'TEMPORARY' ACCOUNT? HOW DO I GET TO MY PERMANENT ACCOUNT?

In this case you are not logged in yet. You can easily log-in **here** if you have an account already, or **create a new account**

**CREATE ACCOUNT**

EXAMPLE PUZZLE

Create Categorize Puzzle

FRUIT!
Can you find all of the fruity images?

spoon | dishwasher

LANGUAGE TIME
Find the English words in the kitchen
▶ — ⋮ | tree

EVEN AUDIO SUPPORT?
Yep! Find the exciting audio fragment :)

OR COMBINE CARD TYPES EASILY!
Find images & text cards connected to nature

oven

Memory Game

Fill in the Blanks

John _____ through the beautiful forest.

Find the correct percentages to the following questions.

The Pareto principle states that for many outcomes, roughly _____ % of consequences come from _____ % of the causes.

Or create a cool math exercise like this! :)

20 + 40 = _____

Or like this! :)

100 - _____ = 40

Reorder Puzzle

Combine texts and images to create fun and interactive exercises

#1	#2	#3	#4	#5
the	walks	through	The bear	

Create order exercises to reorder certain categories (size, for example) - small to large

#1	#2	#3	#4

Or just keep it grammatical and make sure students find the correct sentence

#1	#2	#3	#4	#5	#6	#7
made	that	you	never	smile	regret	anything

Even math challenges can be integrated by adding number games - sort the calculations from the smallest to the biggest outcome :)

#1	#2	#3	#4	#5
800 - 700	100 / 20	1 + 1	15-8	5 * 5

Label This Image

Find the continents that correspond with the labeled numbers on the world map!

#1
