FORMATIVE ASSESSMENT APPS AT

SPIRAL.AC

SPIRAL.AC

Quickfire Lite

Quickfire

Discuss

Clip

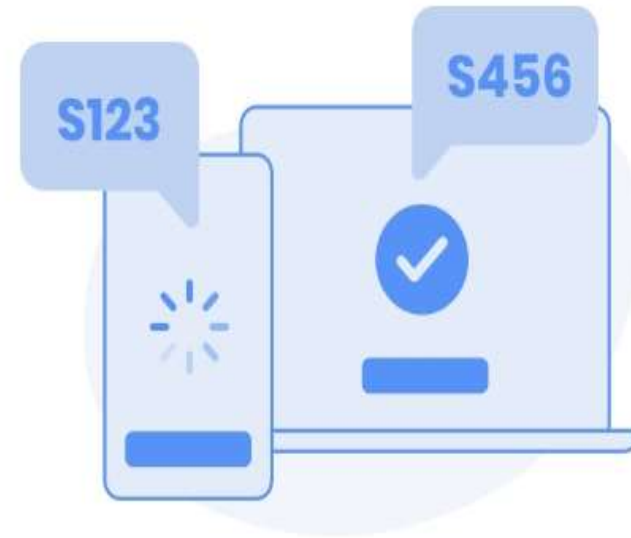

Team Up

SPIRAL.AC

Launch an activity or post an assignment to be completed asynchronously

Students connect with the activity using a simple code

SPIRAL.AC

Students answers appear live so they can learn from each other

Or you can review, grade and feedback assignments off-line

SPIRAL.AC

Quickfire Lite

Ask a verbal question and instead of one hand going up the whole class can respond from any device. Fast, Simple and effective in getting high quality formative assessment in seconds.

SPIRAL.AC

Quickfire

Plan a prepared quiz as a teacher-led or as a student-led independent activity.

Choose a range of question formats from open, closed, MCQ, polls annotations, drawings and audio response. Assess in real-time or asynchronously.

SPIRAL.AC

Discuss

Import any slide deck, powerpoint or pdf and present live in class or on-line. Set discussion points for the class to discuss and let them share comments, thoughts and ideas with each other.

SPIRAL.AC

Team Up

Student teams can create and share collaborative presentations from linked devices in class and from home.

Student teams can 'take over' the whiteboard from their devices to present to the rest of the class for peer review.

SPIRAL.AC

Clip

Turn any public video into a live chat with questions and quizzes. Watch with the class as they answer each question, or post, review and grade as an assignment for the students to complete in their own time.

SPIRAL.AC

- CREATIVITY
- COMMUNICATION
- COLLABORATION
- CRITICAL THINKING
- ASSESSMENT
