Stay Safe Online Campaign

ऑनलाइन सुरक्षा कवच

Ethics - Social Media Platforms

वसुधैव कुटुम्बकम्

ONE EARTH • ONE FAMILY • ONE FUTURE

Key Activities of the Campaign

Objective : To raise awareness among the various user groups on safe use of electronic gadgets and Internet communications

Target Group of user : Children/ Students, women, Sr.Citizen, Teacher/ Faculty General Public, specially abled and Government officials

Program Highlights

- **Design and Development of Multilingual Awareness Content for Stay Safe Online campaign**
 - Infographics, Cartoon stories for children, Concept based Games / Puzzles ,Concept Videos
- **Branding for Stay Safe Online Campaign**
 - Extensive use of Digital and Social Media platforms
 - User Engagement programs – Quiz, Competitions and so on
- **Publicity, Promotion and outreach activities of Stay Safe Online Campaign**
 - Awareness campaign through Print, Electronic and Social Media
 - Events in collaboration with various Ministries and Industry partners

Ethics covers :

- how to live a good life
- our rights and responsibilities
- the language of right and wrong
- moral decisions - what is good and bad?

Cyber Ethics:

Cyberethics is the study of

- **moral,**
- **legal**
- **social issues**

related to digital technologies

It covers such as

- **online privacy,**
- **security,**
- **cyber crime,**
- **intellectual property**
- **digital citizenship**

Use of Social Networking

- Meeting people online - across the world.
- Making friendship with the people who are far away.
- Profile building.
- Self representation.
- Exchanging / Sharing the information related to, studies or education, current affairs, sports, business, transport, movies, latest news updates, event announcements, exchanging the thoughts etc.
- Share the data files, videos, music, photos.

Social Media

- ❑ “Social” – refers to instinctual needs humans have to connect with other humans
- ❑ “Media” – what we use to make connections with other humans
- ❑ “Social Media” – how we can use technology effectively to reach out & connect with other humans, create a relationship, build trust
- ❑ Media used for social interaction
- ❑ 2 way communication - interactive dialogue
- ❑ Moving from monologue (one to many) to dialogue (many to many)
- ❑ Changing people from content readers into contributors and publishers
- ❑ Doesn't require expensive equipment or a government-granted license

Types of Social Media Platforms

© Crescita Consult 2016

Social Media Ethics

- **Communication - can happen fast**
- **Reputation – Is at Stake**
- **Business reputation is at stake**
- **Blur work/ Home boundaries - What is acceptable**

Ethical Questions can be categorized according to 5 Primary criteria:

- Who is viewing the social media information ?
- How is Social Media information accessed?
- For what purpose is the social information used?
- What are the criteria one uses for making judgements about social media information?
- What is the nature of “**relationships** “ in Social Media

Ethical Issues of Social Media – Self Disclosure

Social Media becoming more required for Socializing

- Self- Disclosure : the revelation of Personal Information
- Motivations for usage
 - Personal & Professional usage

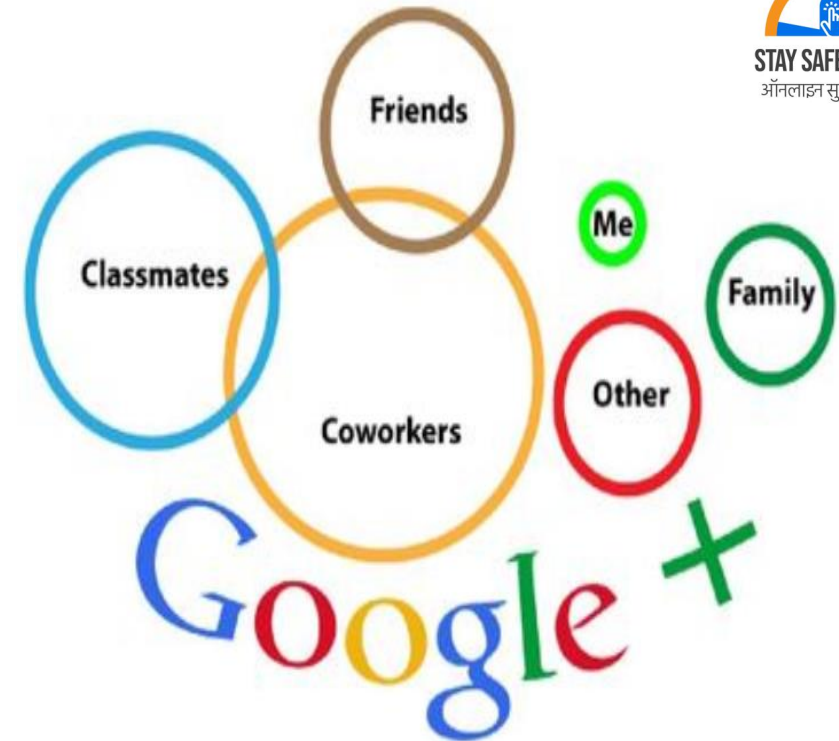

Non-adopters of Social Media display

- Social Isolation
- Fractured Education trajectories

Ethical Issues of Social Media – Self Disclosure

- **Non- adopters of Social Media may feel pressured into joining**
- **By joining, they disclose information they might not want to otherwise**
- **This information can be access by the people outside of the intended audience**

Ethical Issues of Social Media – Content Creation / Data Gathering

- **Laws slow to keep up with advancements of Technology**
- **YouTube**
 - **Fair use : Using copyrighted material for purposes such as Criticism / News reporting**
- **Companies looking to create Smarted App**
 - **Collect data from smart phone such as location ,Searches and**
 - **Information on our health through health band**
 - **Companies argue it is for “ the greater good”**

NAVI MUMBAI: A 32-year-old engineer from Panvel was cheated of nearly Rs 57 lakh in a matrimonial and customs fraud.

The accused had promised her marriage after befriending her through a matrimonial website in March and then claimed to have sent her a

er cheated of Rs 57 lakh in matrimonial, customs duty fraud

As per the FIR, on March 25, the engineer, who works for a PSU, was searching for an alliance on the matrimonial site, and liked the profile of Advik Kumar. Later, both spoke over WhatsApp calls. Kumar claimed that he was an engineer and lived in the UK. The next day, he told her he was going to Canada for 15 days and on his return would marry the victim and permanently settle in India.

On March 27, Kumar sought her address to send his things to India. The next day, he sent the victim a courier company's tracking code. When she tracked the parcel, she found that it had reached the Delhi airport's cargo department.

On March 30, a woman, who posed as a staffer at Delhi airport's cargo department, called the victim on her mobile phone and told her that Kumar's parcel has arrived from the UK and that she needs to pay Rs 32,900 as import duty. The victim contacted Kumar, who told her to pay and he would repay her later. The woman aide gave the victim two bank account numbers and the latter transferred the payment online.

The next day, the woman aide told the victim that the parcel contains 95,000 and to claim it she would have to pay Rs 1,21,500 as GST. When she contacted Kumar, he told her that the UK pounds was gift for her.

Thereafter, till April, the victim was made to gradually transfer a total of Rs 56.6 lakh to different bank accounts under the pretext of payment for currency conversion charges, delivery charges, insurance and security

PANDEMIC YEARS

Covid vaccine study to Oil India: Targets under cyber attack

All thwarted, says National Cyber Security Coordinator; Rs 120-crore in Bitcoins was ransom demand

RITU SARIN
NEW DELHI, JULY 26

Lt Gen Rajesh Pant (retd)

FROM COVID vaccine research centres to banking and financial entities to PSU major Oil India Limited — a range of institutions came under cyber attack during the two years of the pandemic, Lt General (Dr) Rajesh Pant, the country's top cybersecurity coordinator, has told *The Indian Express*.

While these attacks were "successfully thwarted," said Lt Gen Pant, these have underlined the need for constant vigil and global cooperation.

Last week, Lok Sabha was told there have been 674,021 cy-

ber attacks in the country this year until June — almost 3,700 cyber attacks a day, making India the third most impacted by network attacks in the world.

Expanding on this, Lt General Pant, the National Cyber Security Coordinator at the National Security Council Secretariat (NSCS), said that health and banking were among the sectors hit hardest.

'Fiance' from UK sends woman expensive gift, cheats her of Rs 71 L

MG CHETAN @Bengaluru

A 42-year-old unmarried woman, who was in search of a groom, fell prey to cyber crime and lost over Rs 71 lakh, which she paid towards 'Customs fee' for an expensive gift sent by her would-be husband. Police have registered an FIR based on her complaint.

The woman, a resident of Dharwad city, has approached the Cyber Crime police in Bengaluru seeking action against the accused, with whom she got in touch through a social networking platform.

Cyber crimes, in which victims lose more than Rs 15 lakh, are dealt with by the Bengaluru Cyber Crime police.

Police said that the woman, who was in search for a suitable groom for her, said her sister came across the profile of one Andrew Cohen. "The woman got in touch with him in the last week of December 2019. The accused claimed to be hailing from United Kingdom and both of them exchanged their phone numbers after expressing interest in each other.

Cohen told her he had sent her an expensive gift for New Year, which the complainant believed," the police said.

"From January 6, she started receiving calls from people claiming to be officials from the Customs department and other central authorities, asking her pay towards various charges to deliver the gift. Even then, the complainant did not realise that it was a trap and transferred money to bank account numbers provided by the accused. Between January 6 to 27, she had deposited a total amount of Rs 71,57,793 through online transfers. Even after that, they continued calling her, asking to transfer more money. She grew suspicious and realised it was Cohen who was impersonating himself as an official from the Customs department and other agencies," an official said.

The police have registered an FIR under the provisions of the Information Technology Act. "A team will be sent to Dharwad to investigate the case and efforts are on to trace the accused," the official added.

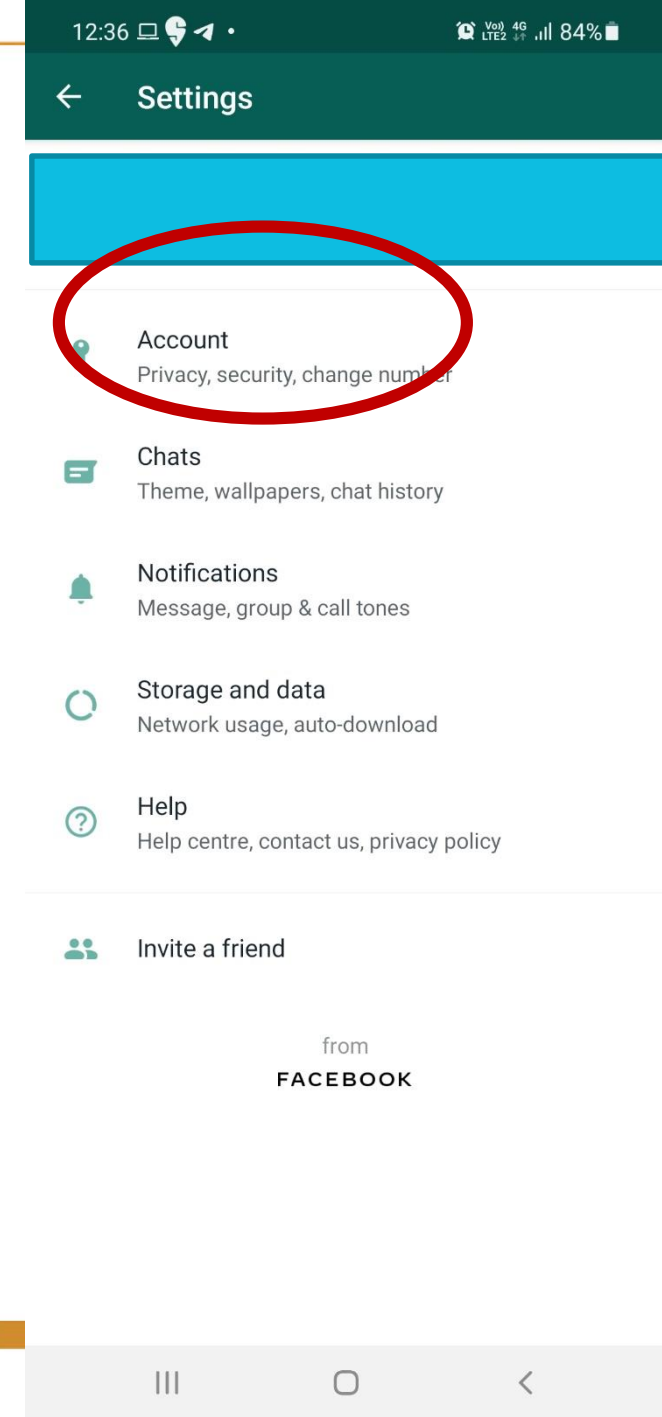

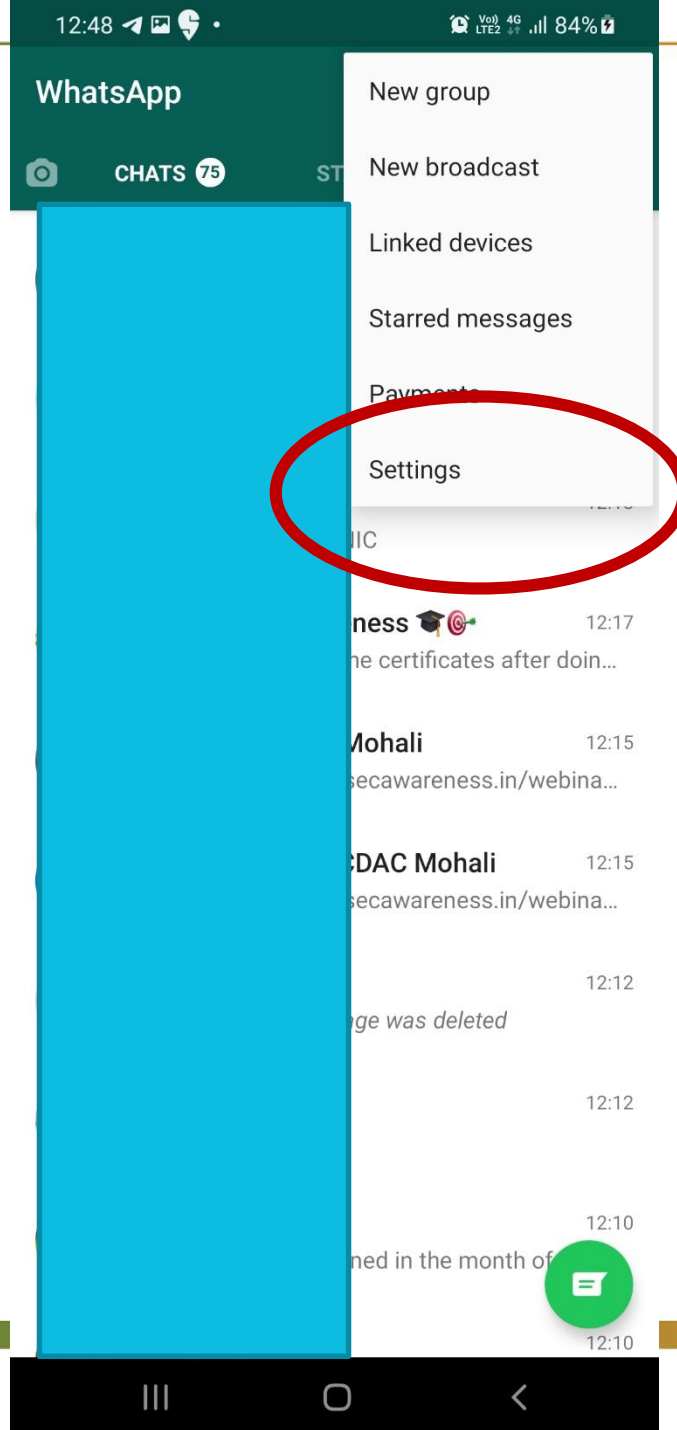

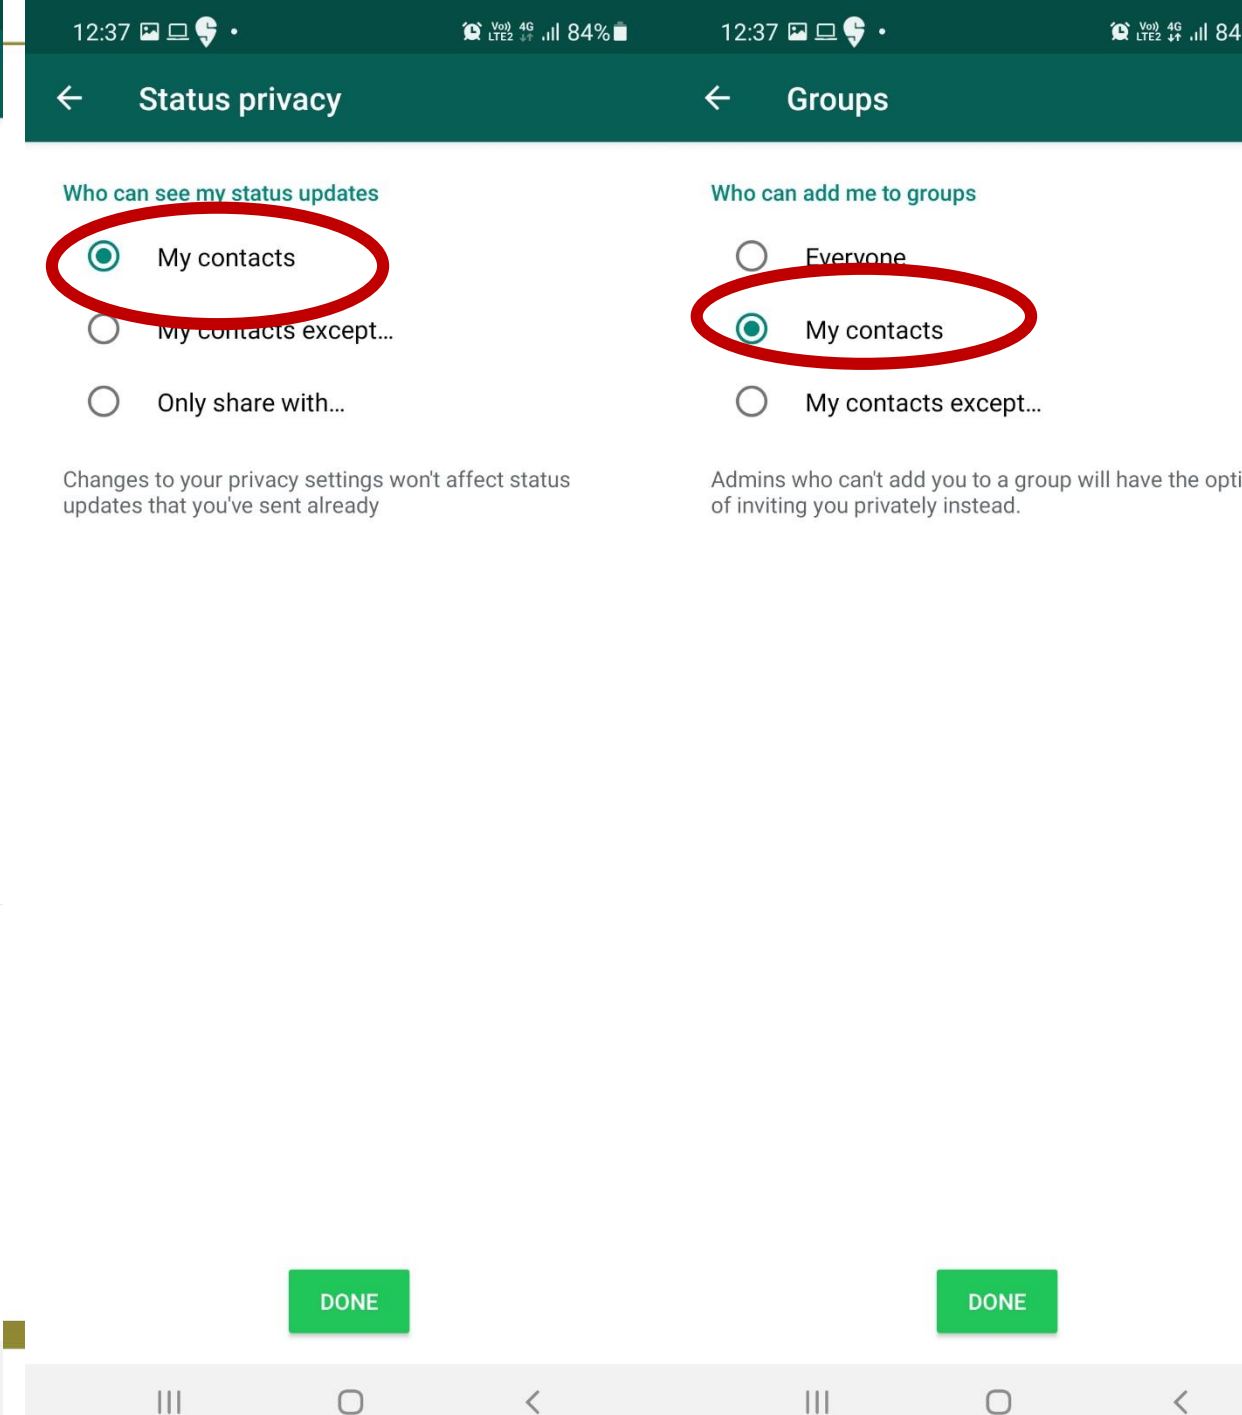

WhatsApp Security

Media Download

- Click on 3 dots shown on the right top corner in the group.
- Click on the first option i.e. **GROUP INFO**

The screenshot shows a WhatsApp group chat interface. At the top, there is a header with a back arrow, a circular profile picture, and the text "National Cy" and "Abhijit CDAC Si". Below the header, there is a notification: "Before you Accept a friend rec". The main content of the chat is a forwarded message from "Pavan Intern" with the text "Forwarded". The message content is a poster titled "InfoSec POSTER NATIONAL CYBER SECURITY OCTOBER" with the subtitle "Steps to prevent Gadget Addiction in Children". The poster includes several tips: "Set an example by using your gadgets at appropriate time and place - generally children do what they see", "Create a healthy gadget schedule to limit the use", "Make sure apps and content your child watch is age appropriate", and "Encourage your children to engage in regular outdoor activities". The poster also features a cartoon girl holding a smartphone. At the bottom of the poster, there are logos for "CERT-IN" and "InfoSec" and the website "www.infocsecawareness.in". A menu is open on the right side of the screen, with the following options: "Group info" (circled in red), "Group media", "Search", "Mute notifications", "Wallpaper", and "More" (with a right-pointing arrow). The time "11:14" is visible in the bottom right corner of the screen.

- Three options shown below the group name i.e. mute notifications, custom notification, Media visibility
- Click on the third option MEDIA VISIBILITY
- Click on "No" option. Now the media will not be saved in your phone. but it will display only in your group chats..
- Now that you know....act and inform your other group members in other groups.
- This feature is only available in Group, not in individuals..

To report a profile

- Go to the profile you want to report.
- Click  to the right and select **Find Support or Report Profile**.
- To give feedback, click the option that best describes how this profile goes against our [Community Standards](#), then click **Next**.
- Depending on your feedback, you may then be able to submit a report to Facebook. For some types of content, we don't ask you to submit a report, but we use your feedback to help our systems learn. Click **Done**.

How To Protect Your Account From Facebook Cloning

- Be aware of any friend requests from people that you are already friends with.
- If you receive one, check your own friends list to see if you are still friends with the person. If so, the friend request is likely to be from a cloned account.
- Alert your friend to the scam as soon as possible so that he or she can take steps to deal with the issue.

How to protect your facebook account from Cloning

Tips to avoid risks by social networking

- **Be careful about the information you put online**
- **Remember don't put personal information like your family details, addresses, personal photographs, video, etc.**
- **Most of the sites and services provide options for privacy settings to prevent attackers to view your information. You can make use of these options to choose/deny whom you want to allow to see your information.**
- **Be careful if you want to meet social networking friends in person.**
- **Don't ever click suspicious link while logged into social networking accounts.**

Tips to avoid risks by social networking

- **Install a good and latest version of Anti virus to keep your system free from malicious applications like virus, worms and backdoor trojans.**
- **Don't ever run any javascripts while logged into your social networking accounts.**
- **Don't ever share your password with anyone and keep changing your password regularly. Always use proper password (min 8 digit with a mix of alpha numeric & special characters)**
- **Don't ever login to any site other than the legitimate sites and always check the URL before you proceed further.**
- **Use Virtual Keyboard, wherever possible to enter your password for better security as these cannot be captured by key-loggers.**

Don'ts

- **DON'T BE A VICTIM!**
- **DON'T tolerate being uncomfortable**
- **Someone older, promising gifts and riches, is trying to take advantage**
- **Only add people you KNOW offline**
- **If must add strangers, keep your guard up**
- **Don't give out personal info**
- **Don't meet them in person!**

Don'ts

- **Don't allow strangers, those you don't know offline, to see your photographs**
- **Don't put your address, phone #, or personal ID #'s on your SNS**
- **Don't put your school you go to, recent locations, where you are exactly or events you are attending**
- **Know how to set your profile to private, and how to adjust all privacy settings**
- **If in doubt, watch tutorials and search in Google for more information**

Guidelines for Social networking:

Do's:-

- Always check the authenticity of the person before you accept a request as friend.
- Check and use the privacy settings of the Social Networking sites.
- Never post anything which may harm you and your family credibility.
- Change your password of your account frequently.
- Avoid posting photographs, videos and any other sensitive information to unknown persons in Social network sites.

STAY SAFE ONLINE
ऑनलाइन सुरक्षा कवच

Don'ts:-

- **Don't give or post any personal information like your name, address of the school / home, phone numbers, age, sex, credit card details.**
- **Don't give out your password to anyone other than your parent or guardian.**
- **Don't post the plans and activities which you are going to do in networking sites.**
- **Don't respond to harassing or rude comments which are posted on your profile.**

Fake Content

- ▶ Include footage of real or simulated violence, criminal activity or accidents, may promote extreme political or religious views .
- ▶ Fake digital content may be discovered online in a variety of spaces including websites, social media services or file sharing services.

Purpose of Fake Content

- ▶ Promote hate towards individuals or groups on the basis of
 - ▶ Race,
 - ▶ Religion,
 - ▶ Sexual preference or other social/cultural factors,
 - ▶ Instruct or promote crime, violence or unsafe behavior,
 - ▶ Gaining unauthorized access to computers, attempting fraud or terrorism, for fun purpose, etc.
