NEWTON'S LAWS OF MOTION

Newton's first law of motion

Newton's second law of motion

Newton's third law of motion

Unbalanced force

Object at rest

$F = ma$

External force acting to change the state of the object

F - force
- acceleration
- mass

$F = m \times a$

Object A Object B

$F_a \rightarrow$ $F_b \leftarrow$

Every action (force) in nature there is an equal and opposite reaction. If object A exerts a force on object B, then object B also exerts an equal and opposite force on object A.

$F_a = -F_b$

$t = \frac{d}{v}$

$t = m \times a$

$t = -t'$

The Little Bird That Saved the Forest

Click here to hear the story

Once a powerful fire engulfed the forest and all the animals and birds started running to save their lives. Fortunately a little bird escaped from the fire. But after saving himself from the fire, he thought of the other animals and birds who were sure to be engulfed in the fire. A little bird flew to the nearby river and diving inside into the water, he soaked himself, then he flew back to the burning forest and shook his wings repeatedly with all his energy. The water droplets fell on the flames. The god in heaven, when he touched by the birds concern that the gates of the heaven opened and heavy rain started pouring. The fire was put out for his efforts and love of others saved everyone in the forest.

The Peacock and the Crow

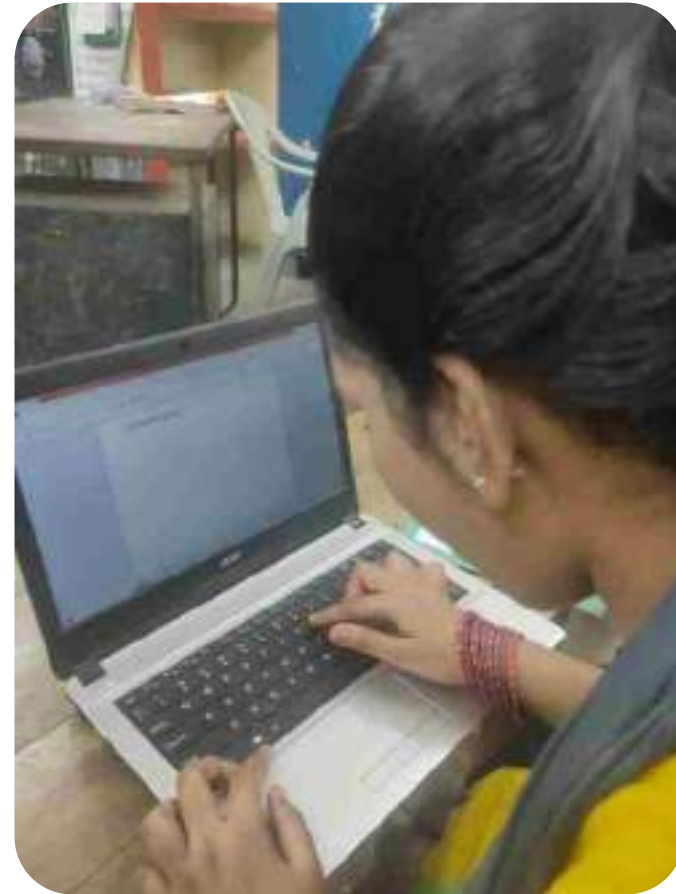

Click here to hear the story

Once a crow wanted to look at, so it was unhappy. It wanted to look beautiful. But how? One day he got a chance to be beautiful. He found some beautiful feathers of a peacock in a jungle. He became very glad. He took the feathers one by one and stuck them in among his own feathers. He looked at himself and became glad and proud because he was no longer ugly like other crows. So he made up his mind to go to the peacocks and live with them. Seeing him, the peacocks understood that he was a crow in the guise of a peacock. They attacked him, pulled out the feathers and drove him away. When he returned to the crows, the crows rebuked his fault and warned he would never be bold or over-ambitious.

Future Goals and Dreams

- To create E- contents and Educational Apps
- To EXPLORE ICT tools and share my knowledge
- To Equip new tools & to Integrate Technological based teaching learning process
- To Create **VR** contents
- To Create **AR** contents
- AI in Education
- To create INTERACTIVE AUDIO BOOKS for NCERT textbooks
- Continue my teaching learning in Brain based practical teaching learning with Traditional and ICT Integrated.
