My school: DPS Vasant Kunj New Delhi

Ms. Mamta Narula
PGT(Commerce) and Headmistress

TILL DATE

How I started my journey
of using ICT in teaching

My Journey

YEAR 2011

My Inspiration

Ms. Himani Asija

National Information and
Communication Technology (ICT)
award by the President of India

Her Project:
Mathematical modeling in the
diagnosis of cancer and its possible
applications in the diagnosis of cancer
was selected by Microsoft and she
represented India in the 'World Wide
Innovative Educators' Forum' at Cape
Town

My Inspiration

Ms. Rashmi Kathuria

National Information and Communication Technology (ICT) award by the President of India, on Teacher's Day in New Delhi.2010

Her work:

Experimenting with new technology and using it in her classroom for creating a better learning environment. She showcase the work done by her and her students through Blogs/Wikis and Social networks .

My Project

Corporate Social Responsibility (CSR)- Integration of Business Goals with community

Subject: Business Studies
Class:11 &12

LET'S BRING CHANGE

00:00:08

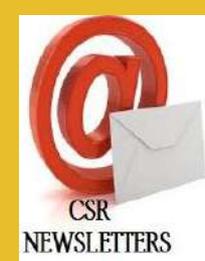

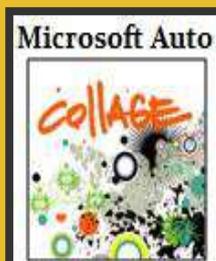

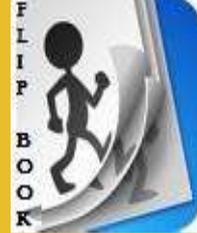

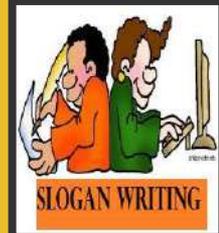

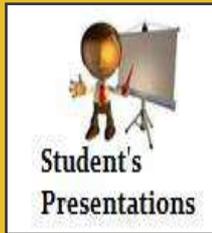

00:01:57

a Introduction of my Project

Learning by doing

For maximum learning stress was more on doing things

Microsoft Innovative Leadership Award 2012

The screenshot shows the Microsoft Partners in Learning website for the 2012 award. At the top, there is a navigation menu with links: Home, About IFLA 2011-2012, Register to Participate, Submit Project, Winners And Projects, Gallery, and FAQs. Below the navigation is a banner with a brick wall background and a chalkboard showing a multiplication table (12x60=720, 50x50=2500, 500x500=250000). The word "Winners" is written in white on the right side of the banner. Below the banner, there is a section titled "Know who got awarded last year" with a "REGISTER ONLINE" button. To the right of this section are links for "ILA Winners 2010", "ILA Winners 2011", "ILA Winners 2009 - 2010", and "ILA Winners 2008 - 2009". Below this is a section titled "NATIONAL WINNERS" with six columns, each featuring a winner's photo, name, project name, school, and a "Download Project" button.

NATIONAL WINNERS					
					
Amit Senere	Charita Pritha Bhatia	Feroz Khan	Hari Krishan Arya	Manita Narula	Rajesh Tiwari
Project Name: KissaMala	Project Name: Learning At My Doorstep - A Goodbye ToMk From Winnsat	Project Name: Chemical Mystery	Project Name: Go Diversity	Project Name: Corporate Social Responsibility (CSR) - Integration of business goal with community	Project Name: Environmental Science - An International Odyssey
School: Zilla Parishad Primary School, Nambada, Odisha - India, Makarwar - 401205, India	School: Kumbh by Vidyasara, Dahanu - 700019, INDIA	School: Primary School, Chidambak, Gobalok, TamilNadu - 605001, INDIA	School: Government Senior Secondary School, Sawai Khari, Karamnagar, Rajasthan - 335102, INDIA	School: Dohi Public School, Vasant Kari, New Delhi - 110078, INDIA	School: Subhash School for Excellence, Ghosi, MP - 462016, INDIA

Clip

The webinar content features two video feeds. The left feed shows a man in a blue shirt, and the right feed shows Ms. Mamta Narula. The background is a vibrant blue space-themed collage with various scientific icons: a brain, a rocket, a satellite, planets, a DNA helix, a lightbulb, a microscope, a balance scale, a graph, a cube, and mathematical formulas like $E = MC^2$ and $a^2 - b^2 = (a - b)(a + b)$. A play button icon is visible over the left video feed.

Assessment strategies

ASSESSMENT

USING ICT

CHECK DIFFERENT WAYS WHICH I USE
Compiled by Mamta Narula

ONLINE QUIZ TOOLS

Excellent tools for formative assessment and also powerful classroom engagement Tool. I can see real time results which is based not only on correct responses, but also the time taken by each student to answer a question. I use post reports to understand the weak areas of students which assist in planning reinforcement of those weak areas.

GOOGLE & MICROSOFT FORMS

These are very useful tools, not only for collecting data but also for conducting quizzes having variety of questions like MCQ, Fill in the blanks, True/False, Matching, Ranking, short and long answer type questions. It saves lot of time as objective type questions can be automatically marked. It also had option where student can upload their work in form of PPT, PPTX or video, also teacher can get result analysis questions alive and even student view.

POWER POINT QUIZ

With the power of animations available in Power point, we can make different type of quizzes which can be used in class after completion of topic or chapter to check student's understanding. We can also send Quiz presentation to our students which can be played by students without internet connection also.

E-PORTFOLIOS

Students submitted their project work by making newsletters which can have images, text hyperlinks to videos and other multi media content.

<http://www.electroweb.blogspot.com/>

ALL PICTURES & LINKS ARE CLICKABLE

Video Tutorials
Examples

Compiled by Mamta Narula

NEARPOD ASSESSMENT

Teachers can use Nearpod to support student learning in a variety of ways. It give students opportunities for interaction and immediate feedback by having them draw on a map or diagram, respond to a poll question, post a note or image to a collaboration board, or take a multiple-choice quiz. You can even get detailed reports of live lessons as well as self-paced lessons.

WHITEBOARD FI

Whiteboard.fi is a simple tool that can be used instantly. By creating a class and letting your students join, everyone will get a digital whiteboard. You as a teacher see all your students' whiteboards in real time, so you can follow their progress. The students only see their own whiteboard and the teacher's. Students can either write if they have digital pen or they can simply upload picture of their work.

EDPUZZLE

EdPuzzle is a free assessment-centered tool that allows teachers and students to create interactive online videos by embedding either open-ended or multiple-choice questions, audio notes, audio tracks, or comments on a video. EdPuzzle interactive videos can be made with videos from a number of websites, including YouTube, TED, Vimeo, and National Geographic.

LEARNING APPS

We can use Learning Apps for making small apps that can be used during the class or for self-studying. You can either make your own app or you can also browse and use the apps already available on the website categorized according to different subject. Believe me, making these Apps does not require any technical skill.

HTML CODE FOR QUIZ

You can easily get readymade HTML code to make quiz that can be easily embedded in blog or website. It has simple interface and can be used by students any number of times and it does not require any registration.

Maslow's Need Hierarchy Theory

1. Drag the needs on left side to the correct place in Maslow's need Hierarchy pyramid

2. Match the boxes according to Maslow's Need Hierarchy Theory :

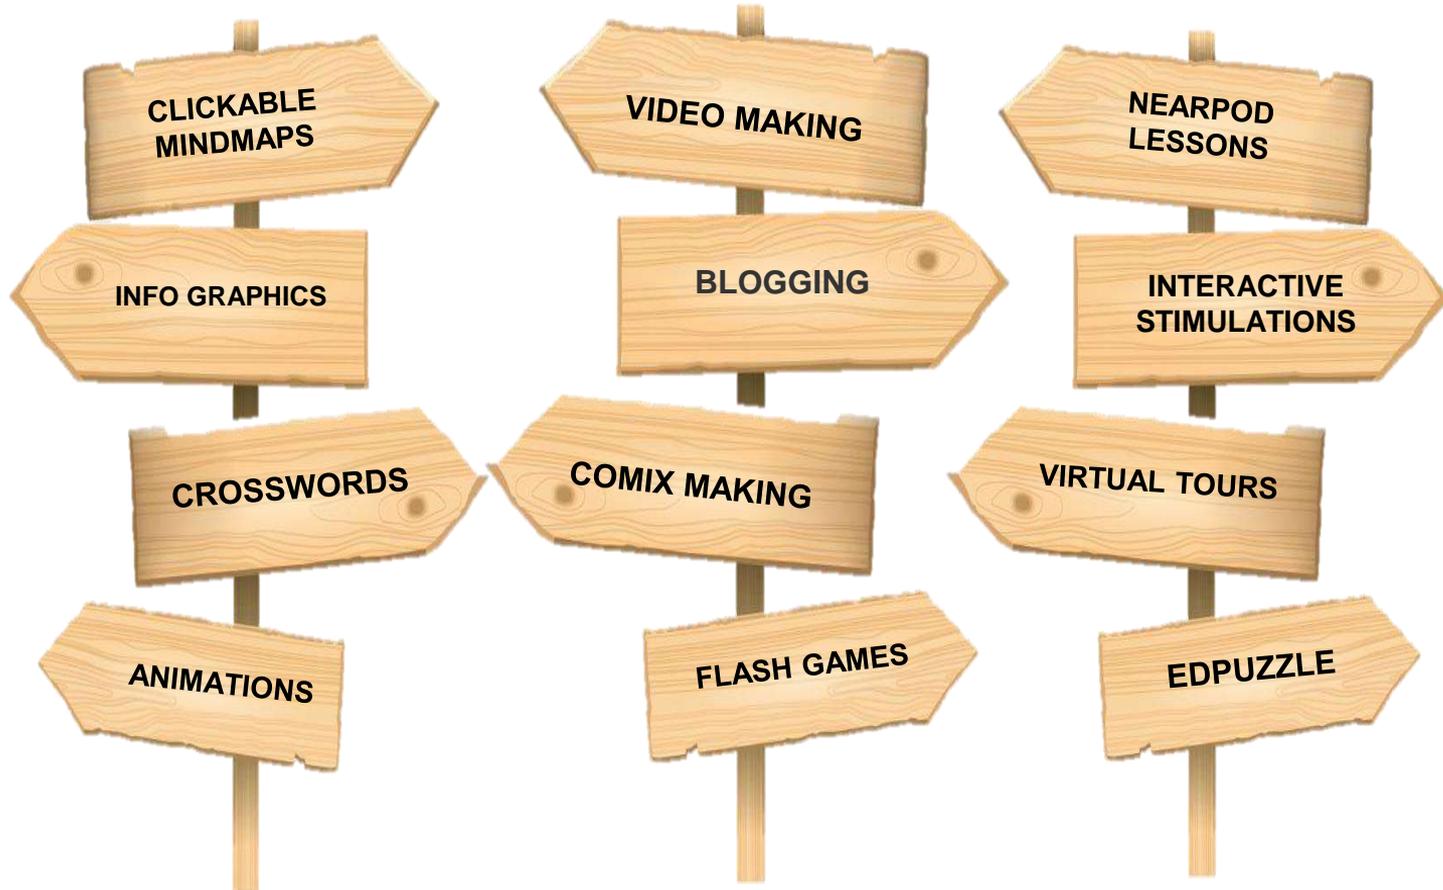

Explanation of need	Type of Need	How organization satisfies this need?
Protection from physical and emotional harm	Self-actualization needs	Basic salary
Drive to become what one is capable of becoming or and self-fulfillment	Esteem needs	Attractive job positions
self-respect, autonomy status, recognition and attention	Affiliation/ Belonginess needs	Team based projects, social groups or informal groups
Hungry, thirst, shelter, sleep	Safety/Security needs	Challenging jobs
Sense of belongingness, acceptance and friendship	Basic Physiological Needs	Job security, stability of income, Pension plans

Leveraging : Technology tools

Technology should not be your plan

Rather it should be part of your plan

Development of any innovative software useful for teaching-learning– assessment

The image shows a screenshot of the Nearpod website's feedback section. At the top, there is a blue circular icon with a white document symbol and the text "Nearpod". Below this are navigation links: "HOME" with a house icon and "GIVE FEEDBACK" with a speech bubble icon and a dropdown arrow. The main content area is titled "Give Feedback" and contains two buttons: "Product Feedback" with a count of "701" and "Content Feedback" with a count of "1230".

Feedback Type	Count
Product Feedback	701
Content Feedback	1230

The image shows a screenshot of the Microsoft Windows Insider Program page. The header includes the Microsoft logo, "Windows Insider", and navigation links for "About", "Getting Started", and "Flighting". The main heading is "Meet the Windows Insider Program". Below the heading is a paragraph: "Be the first to see what's next for Windows in the Windows Insider Program. Join the community and give us your feedback to help make Windows even better, together."

Meet the Windows Insider Program

Be the first to see what's next for Windows in the Windows Insider Program. Join the community and give us your feedback to help make Windows even better, together.

The image shows a screenshot of the Whiteboard.fi contact page. It features a teal header with the text "WHITEBOARD.fi" in white. Below the header is a "Contact" section with an envelope icon. The text reads: "Do you have suggestions or feedback? Please contact us on: support@whiteboard.fi". At the bottom, it says: "Please see the [FAQ](#) before sending questions about the service."

Contact

Do you have suggestions or feedback? Please contact us on:
support@whiteboard.fi

Please see the [FAQ](#) before sending questions about the service.

Students outcome

The learning experience is not bound by classroom walls, Students did work which had a meaningful impact on communities

- Helped maids in opening bank accounts
- Arranged funds for needy through KETTO crowdfuding Platform
- Opened there small entrepreneurship ventures
- Made Website , Blogs and awareness Videos
- Increase in the interest level of students in class, confidence and better grades too
