CONTEXT OF LEARNING
RATHER THAN
CONTENT**

A person wearing a VR headset is shown in profile, looking towards the right. The image is heavily stylized with a blue color palette and a network overlay of white lines and dots. The text "TECHNOLOGY IN EDUCATION" is prominently displayed in the center in a bold, white, sans-serif font.

TECHNOLOGY IN EDUCATION

The background features a complex network of white lines and dots, resembling a molecular structure or a data network. The lines connect various points, creating a series of interconnected polygons and triangles. The overall color scheme is a gradient from dark blue on the left to a lighter teal and green on the right. The word "PROJECTS" is centered in a bold, white, sans-serif font.
