From the Joint Director's Desk

In the new financial year, like previous years, CIET will be taking up the programmes approved by the Institutional Advisory Board (IAB), Programme Advisory Committee of NCERT and Programme Advisory Board of MoE. This year, the institution will be taking up 27 programmes for execution in accordance with the vision of NEP 2020.

A Summer Camp for children (classes VI-X) on Digital Learning and Multimedia was organized from 6-17 June 2022. About 76 participants attended the camp where they were exposed to various activities related to storytelling, coding, animation and ICT tools related to creation of audio and video eContent. The camp had 30 sessions taken by 25 resource persons.

A two-day preparatory orientation programme for functionaries of States/UTs for the launch of 200+ DTH TV channels under PM eVIDYA was organised by CIET-NCERT from 30-31 May 2022 at BISAG-N and GCERT, Gandhinagar, Gujarat in collaboration with BISAG-N, GCERT, Vidya Samiksha Kendra (VSK), Gandhinagar, Gujarat. In all, about 87 participants representing 27 States/UTs including Directors/Joint Directors and other senior officials of SCERTs participated in the meeting. The participants were oriented for aspects related to eContent development, preparation of schedules, management of data and overall running of DTH TV channels.

Training programmes and production of programmes for various subjects and topics related to NCERT's curriculum, Indian Sign Language (ISL), Foundational Literacy and Numeracy (FLN) and Learning Outcomes (LO) were also carried out as part of the regular activities. Live sessions on ICT tools, Sahyog and inclusive education were telecast on PMeVIDYA DTH TV Channels.

CIET was conferred with the UNESCO's King Hamad Bin Isa Al-Khalifa Prize for the Use of Information and Communication Technologies in Education for its digital Initiatives for Inclusive and Accessible Education on 24 June 2022, Paris.

We will keep our stakeholder updated on the activities and interventions carried out by the institution on a regular basis.

(Amarendra P. Behera)

CIET was conferred with the UNESCO King Hamad Bin Isa Al-Khalifa Prize for the Use of Information and Communication Technologies in Education for its project Initiatives for Inclusive and Accessible Education on 24 June 2022, Paris. Joint Director, CIET received the prize, which constitute a citation, medal and 25,000 USD cost award.

In **an evaluative study of ICT @ School Scheme under Samagra Shiksha**, the expected outcomes of the proposed research are Mobile App for gathering information on KPI's of ICT @ School Scheme, Implementation data of 88,993 schools w.r.t. to ICT @ School Scheme, Capacity building of teachers and other functionaries in aspirational districts for implementation of ICT @ School Scheme. These tentative outcomes may provide insights to the educational planners, administrators, teachers, parents and learners towards harnessing the optimum potential of available ICT infrastructure to ensure access, equity and quality of education. Collection of related literature and research tools related to ICT in School Education is in progress. Parakh app has been explored to study the type and framework of possible questions. During 2017-18 third party evaluation study was conducted by CIET and is being used as a reference tool for adapting and formulating tools for the present study.

Under **Effectiveness of ICT based accessible interventions (UDL-based e-Contents) of NCERT on holistic development of students with special needs**, in house packaging of UDL based eContents is underway in online as well as offline mode. Data gathering tools development related in-house and drafting of tools (questionnaires) for studying the awareness about the UDL based eContent such as ISL videos and audiobooks developed by CIET, NCERT among the students and teachers are in motion. As a whole, this research is likely to provide insights to the planners, producers, teachers and learners towards designing, producing, transaction and consumption of UDL based content.

The draft of a questionnaire for teachers for the project has been developed in **A study of different modes of online education adopted by Elementary and Secondary school teachers during the pandemic**. Review of the literature of online learning initiatives and review of different sample techniques has been done.

In the first phase of the study, in the **Implementing ICT Interventions at School Stage: A Block Level Research Study**, the first objective was achieved and the data collection was completed in 3 blocks and documented in a report. For the second phase of the study, 14 modules for ICT intervention were finalized. Also, the research tools for assessment of knowledge, attitude and skill on ICT were finalized during an online workshop held from 11-13 May 2022.

For the development of eContent for the students of 3-9 years age-group a workshop was organised from 15-17 June 2022 under the **Development and dissemination of eContent at Foundational Literacy and Numeracy level**.

Under the **Development of Curriculum Based materials of Augmented Reality (AR) and Virtual Reality (VR) Simulation and 3D videos in science for School Education** following tasks were undertaken: i) ePathshala AR mobile app was updated ii) All assets and apps were transferred to CIET, NCERT server for checking iii) 14 3D rendered AR videos were developed out of which 12 were uploaded on DIKSHA portal and mapped with textbooks

Development and dissemination of educational audio-video programs supports the enhancement of teaching-learning among students, teachers, educators and other stakeholders. In **Development and Dissemination of Educational Media Programmes**, various forms of audio and video programmes were produced. The audio unit of CIET produced 509 programmes and the video unit produced 226 programmes in this quarter of the year.
