LADAKH

INTRODUCTION OF LADAKH

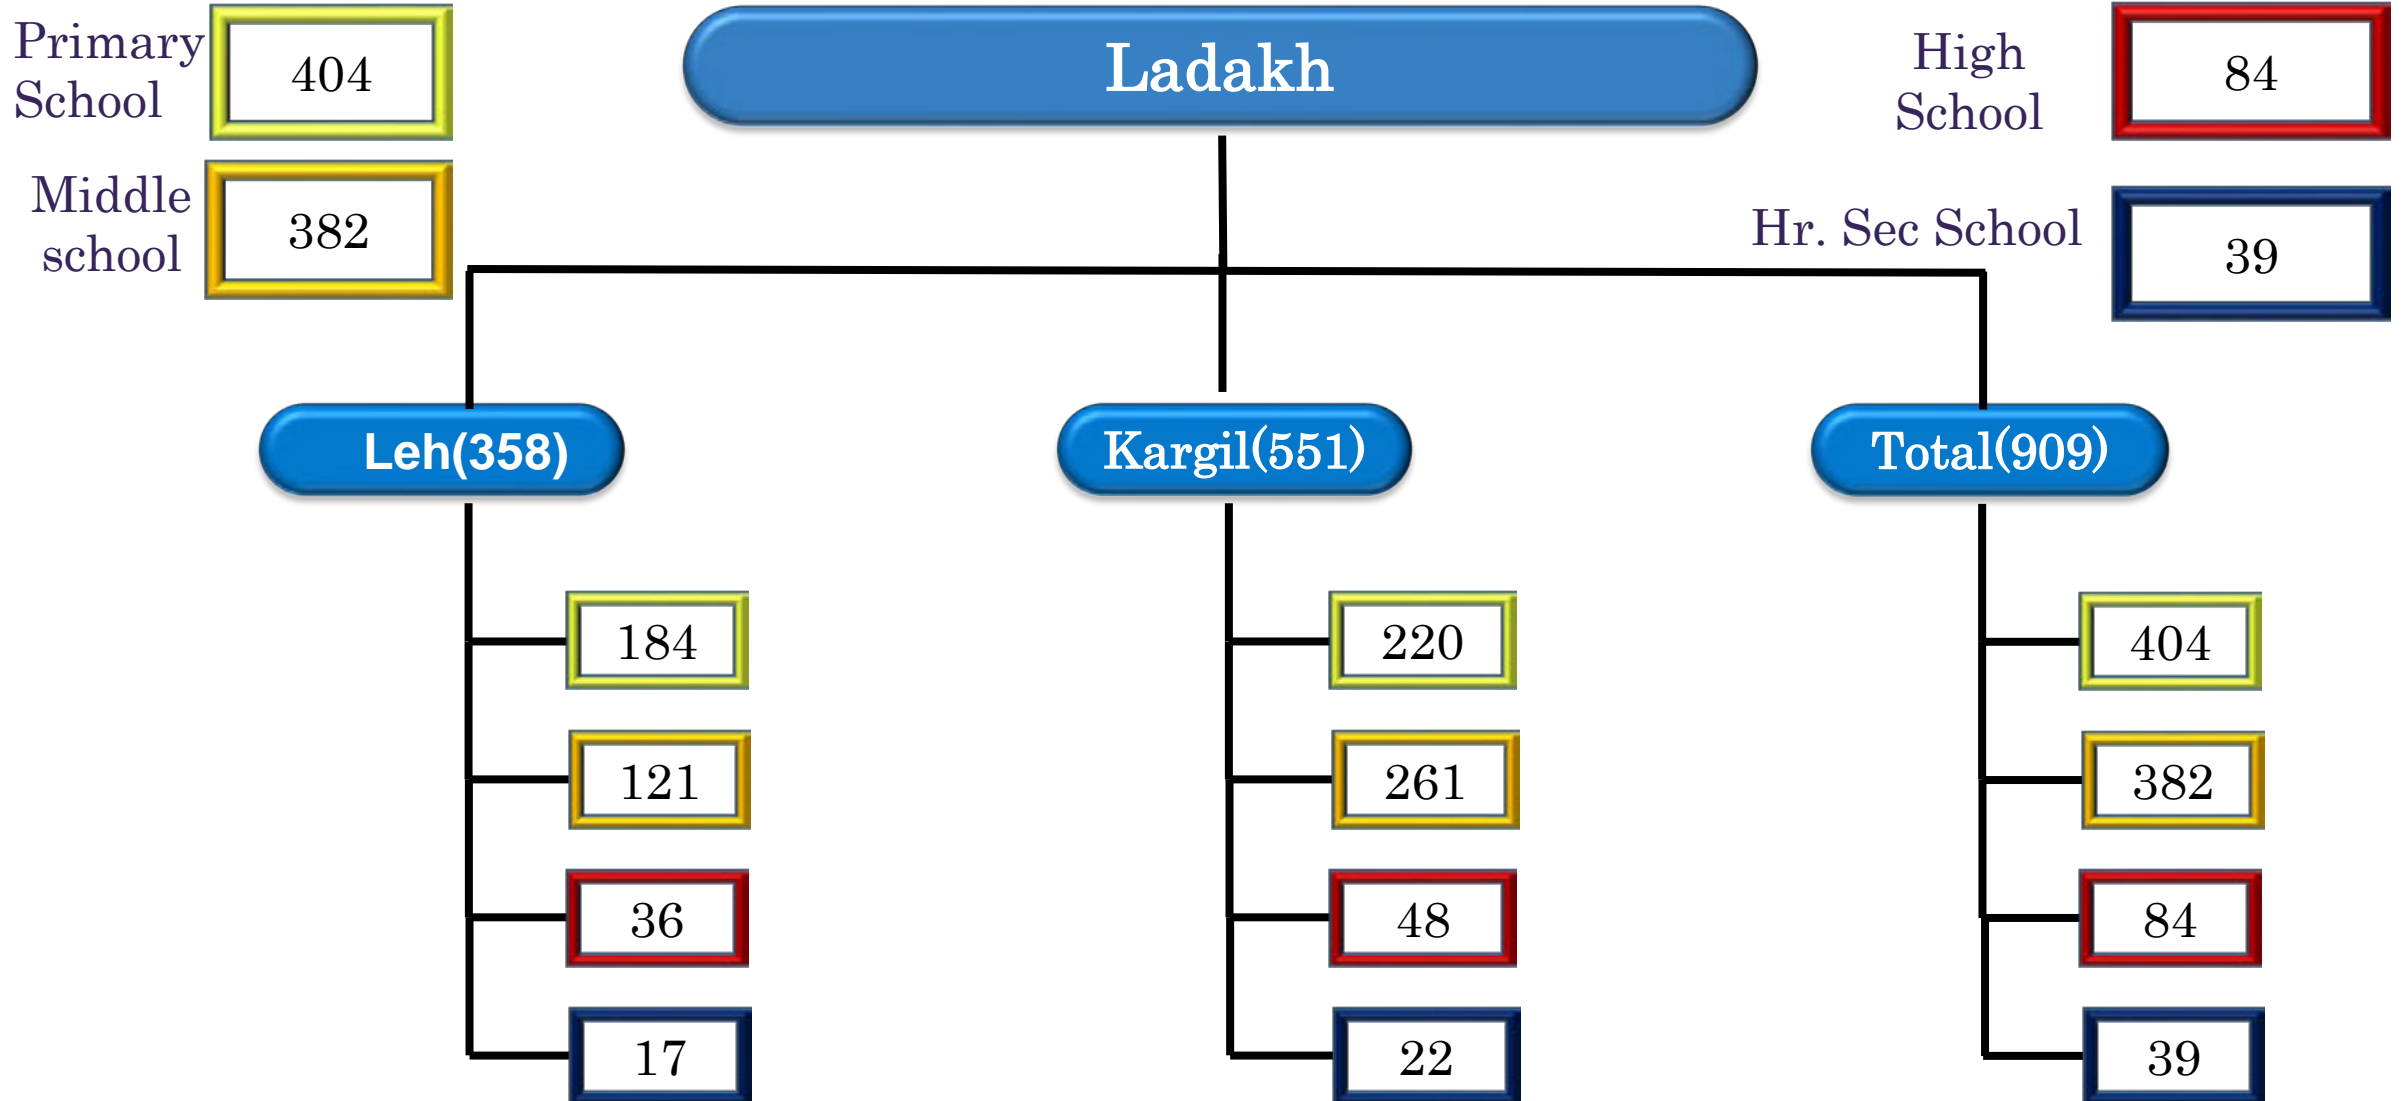

- Ladakh is situated in the rocky mountains of Himalaya with total area of 49,146sq kms. Villages in Ladakh are sparsely scattered over this huge rugged terrain. Many village have no road connectivity. Temperature dips down to -30 Degree Celsius in winter.
- Some of the teachers still have to walk long distances and high passes to reach their respective schools carrying their necessary items. These Schools are HS Hanamur, HS Thangso, PS Ralakong, PS Malikbar, PS Itchu, MS Tseta in Kargil district and Trans Singge la area and Hunder dok of Leh district.
- These areas remains cut off from the mainland for around 6 months due to heavy snow fall and blockage of high passes in winter.
