The New World Order

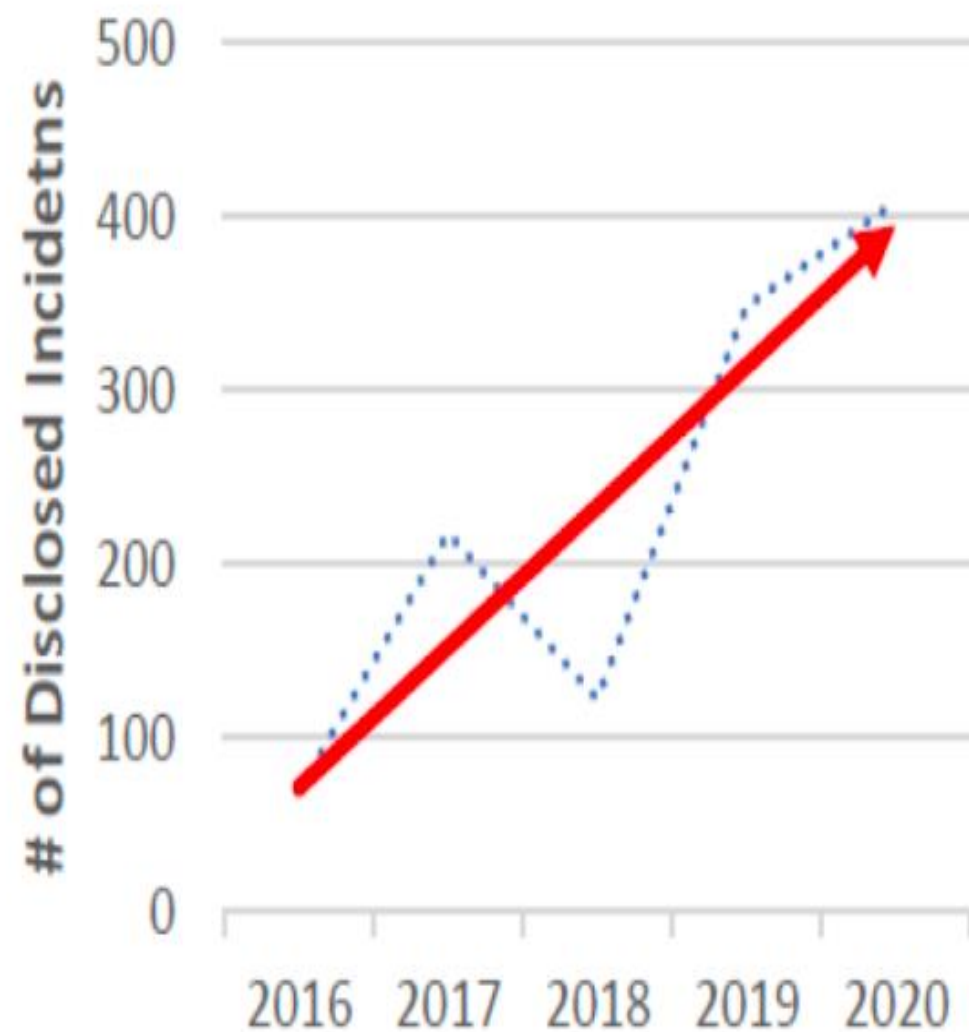

MANY OPPORTUNITIES &
POSSIBILITIES

BUT

TECHNOLOGY IS A DOUBLE-
EDGED SWORD

Imagine you received an urgent mail from
Department of Education or your Senior in the
Department, asking urgently for student's data.
The mail appears professional and also has a
matching Department logo.

What would you do?

Case Studies

1. **** school website hacked, homepage replaced with obscene images
2. School in *** was hacked, and the hackers threatened to post student and teacher data online if a \$40 million ransom wasn't paid
4. Couple loses 4.5 crore in Digital arrest
5. was blackmailed over her morphed photos

Why are people & organizations becoming so vulnerable in Digital Age?

Why cyber crime is more prevalent now?

Increased digital dependence

Low barriers of entry

Large target pool

False sense of complacency by the users

Sophisticated technology tools

**AI tools being used to fuel/accelerate
crimes**

ARTIFICIAL INTELLIGENCE (AI)

When computers and machines are trained to learn, understand, think and take decisions like humans, very precisely in nano seconds, leaving humans behind.

Cyber Crime Has Evolved Using AI

Safeguarding Personal & Professional Information

Personal Safety

- Keep Geo Location off
- Control App Permissions
- Use Strong Passwords
- Set 2 Factor Authentication with login alert notifications
- Avoid Public Wifi
- Avoid Juice Jacking
- Don't Participate in Online Challenges
- Recheck Privacy Settings
- Avoid Clicking Unknown Links

Digital Arrest – Modern Day Scam

DIGITAL ARREST SCAMS

DON'T GET TRAPPED

What's a 'digital arrest' scam?

- Scammers pose as police or officials
- Victims are threatened and kept online
- Email, SMS, or WhatsApp used

RED FLAGS

- Unknown caller
- Threats of arrest
- Requests for money

DON'T PANIC. VERIFY.IDENTITY

Report to 1930 (Cyber Crime Helpline)

Demand money to clear your name.

Cybercriminals profile & confine victims to their homes under digital arrest.

Claim that Aadhaar card, bank account or parcel linked to crimes like narcotics, terrorism, money laundering

Generate fear by posing as law enforcement officers using AI-generated voices or video technology.

Safety Tips

THINKING

Stay calm,
apply logic

TALKING

Do not
engage,
hangup &
call
helpline

SHARING

Never
share
Aadhar
Pan, OTP,
Bank
Details

TRANSFERRING

Do not
transfer
money

EDUCATING

Educate
children,
elderly
members

Schools are Easy Targets

Attacks on Systems & Data

Cyber Attacks in Schools

- Cyber Invasion
- Data Theft (Social Engineering)
- Ransomware Attacks
- Website Hacking/Defacing
- Impersonation - Fake / Inappropriate Messages
- Blackmail
- Fake News

Student Data is very Valuable & Sensitive

- Personal Identifiable Information (PII)
- Family Details
- Academic Information
- Testing / Performance Data
- Health Details
- Behavioral Details

Why This Matters Most For Educators

- Trust being exploited
- Lack of Awareness & Skills
- Weaker cyber security protections & protocols
- Paucity of Funds
- Limited/Untrained IT Personnel
- May use untested / less cost technologies and data sharing (cloud) platforms
- Human Error
- Free / Pirated Softwares

Welcome to

Cyber Swachhta Kendra

The " **Cyber Swachhta Kendra** " (Botnet Cleaning and Malware Analysis Centre) is a part of the Government of India's Digital India initiative under the Ministry of Electronics and Information Technology (MeitY) to create a secure cyber space by detecting botnet infections in India and to notify, enable cleaning and securing systems of end users so as to prevent further infections. The " **Cyber Swachhta Kendra** " (Botnet Cleaning and Malware Analysis Centre) is set up in accordance with the objectives of the "National

REFLECTION QUESTION...

NISHA DUA, COACH & MENTOR, CYBER SAFETY & WELLNESS

We teach students how to stay safe in real world – don't talk to strangers, avoid dark lonely places, keep the door locked when alone....

But

Are we preparing them the same way to stay safe in the digital world? Or we leave them to learn and navigate the dark world of Internet by themselves?

Our Responsibilities:

- Be alert & aware
- Be a good role model
- Empower & educate

Prepare Students to Succeed in Digital Age
