# What is Zoho Notebook?

- ✓ A digital note-taking tool that works across devices and operating systems. It is an online suite of tools, including a word processor, an image and audio creator, and organizer.
- ✓ Notebook lets you keep notes, with words and images, which are organized on a single screen for easy access. These can then be divided into multipage 'notebooks' for more depth.
- ✓ Sharing is also an option with easy link sharing and the ability to distribute via email or social media using a smartphone.

# Salient Features of Notebook

- This is a cross-platform note-taking software offering support to Windows, Android, iOS, and Mac.
- There are no restrictions to the number of notes which can sync and the device where you can access your contents.
- The tool let us grab some web content or articles online through its **web-clipping tool**.
- It comes with an option to customize the covers for your notebooks to make them more personalized.

Thus, Zoho Notebook is a great alternative to OneNote to take digital notes online.

# Integration of Resources in a notebook

The screenshot displays a web browser window with the Zoho Notebook application. The browser's address bar shows the URL `notebook.zoho.in/app/index.html#/notebooks/c5cvb4e53452db2404cc8bb2d2ac3fbd93b18/notecards`. The notebook's navigation bar includes tabs for "Notebooks", "All Notes", "Favorites", and "Shared", along with a "Become a Pro" button. The main content area is titled "My Notebook" and shows a grid of resource cards. The top row contains five cards: "number system.pptx" (orange), "final report\_IT Week..." (blue), "Annual exam scienc..." (red), "report step.docx" (blue), and "AwardList Reports (7..." (green). The bottom row contains five cards: a birdcage image, a "Roll No SName imrcvu iuuuioubvi" card, an "Alternative for onen..." card with a list of options, a "Functions is a set of instructions written in a block which performs a predefined task" card, and an "ARMY PUBLIC SCHOOL" logo. The Windows taskbar at the bottom shows the search bar, taskbar icons for Chrome, PDF readers, and PowerPoint, and system tray information including 21°C Haze, time (22:16), and date (14-11-2022).
