Primers

...an initiation to promote Indian Languages

**Celebrate the Joy of Learning in
 Your Own Language**

NEP-2020 prioritizes child's mother tongue/local language/home language/ regional language for teaching and learning at all stages of school education.

Primers fulfill this vision by providing children with access to knowledge in their own languages and ensuring the availability of learning materials in all mother tongues. These instructional resources, presented as books, support foundational literacy and numeracy by facilitating reading and writing.

Primers Highlights

Bilingual

Foster Creativity

Comprehend Symbols

Recognize Alphabets

Recognize Numerical

Engaging Rhymes

Color Identification

Local Illustrations
